

**ADDENDUM #1  
TO SPEC. 05-167**

**RFP  
For 15 each 35-Foot Transit Buses**

Addendum #1 to Spec. 05-167 for 35-foot transit buses, RFP to be opened on Wednesday, August 17, 2005 at 12:00 noon.

The following questions were asked at the pre-bid held on July 15, 2005 at Star Tran:

**Q - 1) Is Exhibit E, the But American Audit Work Sheet Reference # correct?**

A - 1) Yes, according to the FTA web-site, the page is correct.

**Q-2) What type of AVL System, if any, is to be supplied?**

A - 2) The City of Lincoln is currently obtaining pricing for an AVL System. Once the system is chosen, which will be before a build date, Star Tran will inform the selected vehicle vendor as to what wiring harness/configuration will be required for the bus.

Only a wiring harness will be required, the selected AVL Vendor will be installing the system.

**Q - 3) What type and how many cameras will there be?**

A - 3) There will be four (4) black and white dome style cameras

**Q - 4) Is the radio specified Brand Specific?**

A - 4) No, as long as it meets the 100 watt out-put required in the specification.  
**A CD player needs to be included with the radio.**

All other terms and conditions to remain unchanged.

Dated this 18<sup>th</sup> day of July, 2005
